Mason as Citizen.

The first speaker after the grand master was Hon. David C. Richardson, of Virginia, who spoke on "The Mason as a Citizen." In a most impressive manner Mr. Richardson advanced and maintained the doctrine that true Masonry and good citizenship are synonymous terms.

Colonel Cabell, the next speaker, had been assigned "Woman" as a subject. With none of the fair sex in the audience to overlook him, the colonel took some liberties with his theme, and the following remarks were made in a humorous and gentle fashion and frequently had his hearers in roars of laughter.

When he came to discuss woman's real character, her devotion to duty and to the church, and her many other noble attributes, the speaker became serious and said: "Woman is the crown of God's creation, the glory of the home, the support of the nation, and the foundation of the world."

At the conclusion of the exercises and program, a collection was taken for the Metropolitan Lodge.

BOARD OF HEALTH TAKES FIRM STAND FOR CLEAN MILK

Dr. Levy Declares Public Has More Right Than Ever Now to Demand Increased Care in Handling the Food.

The Board of Health, through its chief officer, Dr. E. C. Levy, has taken a firm and unequivocal stand for pure milk for Richmond people. Referring to the increased price as an additional reason why the public should feel warranted in demanding greater care in the handling of the food, the board announced that clean milk will hereafter be insisted upon.

Copies of the amended ordinance that were sent yesterday to every dairyman and milk producer furnished milk to the Richmond market.

Dr. Levy said that the board is determined to see that the handling of dairy products is strictly regulated by law. All cases of violation of the law will be promptly dealt with by enforcing its provisions from the Richmond market and removing the offender to the police court.

In order to produce proper milk, cleanliness is absolutely essential. The standards must be high and well maintained and kept as clean as possible at all times.

MEMBERS OF RICHMOND POLICE FORCE WHO RETIRE AFTER HAVING SERVED LONG TERMS

SERGEANT HARRIS.

MAKING CHANGES IN POLICE FORCE

Officers Promoted and Reduced Sworn In by Clerk August Yesterday Afternoon.

SHAKE-UP CAUSES MUCH TALK

Something About Faithful Officers Who Are Retiring From the Service.

City Clerk Ben T. August at 5 P. M. yesterday swore in the police officers promoted and reduced at the meeting on Thursday and also the new members elected to the force. The officers had passed the necessary examinations and filed their warrants with the Mayor. The list qualifying embracing the following: G. W. Epps and W. A. Harfoot as captains.

W. B. Whitlock, E. P. Hulce, H. A. Amos and H. M. Kraft, as sergeants.

Walter L. Krueger, Henry L. Tiller, Russell A. Daniels, G. W. Spurr and G. H. Werner as patrolmen.

All these officers will enter upon their new duties on January 1, 1907, and will be detailed as announced yesterday.

While the proceedings of the Board of Police Commissioners are secret for prudential reasons, it is understood that the resolution to reduce the captains and to abolish the inspectors was adopted with little if any objection. Certainly it is stated there was no fight on the subject.

In the election of Captain Harfoot, it is said that he was chosen on the first ballot, and that his name was the only one balloted upon for captain of the First District. He has been a sergeant since 1894, and has an excellent record.

In the choice of a captain for the Second District, Captain Krueger won on the first ballot, but two or three other persons were balloted for. It is reliably stated. The names of the others nominated for the captaincy cannot be definitely learned, the policy of the board forbidding the publishing of these details.
